

RAIN or SHINE,

Snow or sleet, hot or cold—no matter what the direction of the wind or condition of the weather—every business day of the year we are at your service, after the Hardware trade of this community. Possibly you want nothing to-day, but to-morrow, next week or next month it may strike you that we offer many articles that you will have use for this Spring. There is no need for details in this announcement. Our line is familiar to all who are acquainted with the house or who follow our advertisements. Buying in vast quantities direct from manufacturers, we name prices that are shorn of middlemen's profits, which means a considerable saving to consumers in a year's trade.

FRANK OWENS HARDWARE COMPANY.

Whiskey and Beer Habit PERMANENTLY CURED BY "ORRINE,"

A SAFE, SURE AND HARMLESS SPECIFIC

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes.

"ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. No sanitarium treatment necessary; "ORRINE" can be taken at your own home without publicity. Can be given secretly if desired.

CURE GUARANTEED OR MONEY REFUNDED.

Mrs. E. Wycliff, New York City, writes: "ORRINE" cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of "ORRINE."

Mrs. W. L. D. Helena, Mont., writes: "I have waited one year before writing you of the permanent cure of my son. He took sanitarium treatment, as well as other advertised cures, but they all failed until we gave him "ORRINE." He is now fully restored to health and has no desire for drink."

Mrs. A. E. L., Atlanta, Ga., writes: "I was born with a love of whiskey and drank it

for thirty-two years. It finally brought me to the gutter, homeless and friendless. I was unable to resist the craving and would steal and lie to get whiskey. Four boxes of "ORRINE" cured me of all habits and I now have the end of my troubles."

FIRE.

That ancient idea that pianos are a luxury. Let there be something doing with your brain tissues. Look around and find, if you can, a piano player out of a position. Investigate and learn that people who can play a piano have a steady income and light work.

\$10,000 LOSS.

The ancient idea was to spend one's entire life digging—nose kept to the grindstone until the appreciation of pleasure or comfort was entirely ground out of one—all to accumulate a \$10,000 estate to leave to one's heirs, and along comes a fire or some other adversity and your heirs are left destitute.

NO INSURANCE.

Absolutely no insurance that after your strenuous life your children would not suffer for the bare necessities. All they had to depend upon was the property left them which was subject to adversity in a thousand different natures.

BAD BUSINESS.

This is certainly unwise. Leave your children that which can never be taken from them—a musical education. A musical education insures a steady income, and, with little effort, and the pleasure in gaining this education makes this old world a lovely one.

SUSPICIOUS CHARACTERS.

As the greatest aid to securing a good musical education, suspicion rests upon the instruments manufactured by The Smith & Nixon Piano Co. Every one says they are the best. Where there is so much smoke there must be fire. We manufacture high grade pianos and sell them to you at wholesale price.

See our samples at John I. Winter & Co.'s store, Maysville, Ky.
